

End Allergies Together
P.O. Box 786
Fairfield, CT 06824

We would like to ask you to consider a corporate sponsorship of our upcoming event, "EAT's Shoot for a Cure and Family Fun Day" on May 17, 2020 at Breezemont Day Camp in Armonk New York. The event will feature basketball games for adults and children as well as carnival-style activities. We expect many families with young children from Westchester and Fairfield Counties to attend.

End Allergies Together ("EAT"), is a Connecticut based 501(c)(3) non-profit organization whose mission is to advance food allergy research in search of better diagnostics, treatment and ultimately a cure. Food allergies affect over 30 million Americans with nearly 1 in 12 children diagnosed each year. Just in the United States, a food allergy related emergency room visit occurs on average every two minutes! This growing epidemic does not receive funding proportionate to its prevalence and severity.

The number of reported food allergy cases and resulting deaths, particularly of several young children, reminds us of the urgency of our mission. Common foods such as nuts, eggs, dairy, sesame, wheat, and others should not be life-threatening to so many.

In just over four years since our launch, we funded nine research studies at leading institutions such as Stanford University, Children's Hospital of Pennsylvania, The University of Chicago, Imperial College of London and the Broad Institute of MIT and Harvard. Through these studies, scientists are pursuing accurate diagnostics, prevention strategies, treatments, basic science, and more.

We hope you will help us put an end to this epidemic by sponsoring EAT'S Shoot for a Cure and Family Fun Day at the **MVP (\$500)** or **All Star (\$250)** Levels, which will provide greatly needed assistance in funding additional research studies. At our 2019 inaugural event we had over 350 people attend with a goal of over 500 for 2020.

As an **MVP sponsor**, you will receive premiere signage at the event, recognition on our event registration site, a blast to our social media outreach and you will be able to provide marketing materials to be distributed on our registration table.

As an **All Star Sponsor** you will will receive recognition on our registration site and signage at the event.

On behalf of the team at End Allergies Together, thank you for considering our request to support this valuable and under-funded mission to end food allergies. The entire EAT team and the millions who suffer from food allergies are grateful for your support and your confidence in our mission.

End Allergies Together (“EAT”) thanks you for your sponsorship donation to our event, “**EAT’s** Shoot for a Cure and Family Fun Day” on May 17th, 2020 at Breezemont Day Camp in Armonk, NY.
